

Public Meetings

To Present

The Unified Development Code

Gila County is in the process of consolidating several codes into one document. These codes include:

1. Gila County Zoning Ordinance
2. Gila County Subdivision Regulations
3. Gila County Hearing Officer Guidelines
4. Gila County Minor Land Division Ordinance
5. Gila County Wastewater Ordinance
6. Gila County Grading and Erosion Control Manual
7. Gila County Outdoor Lighting Code

The new code will be referred to as the Unified Development Code. Most of the time when people go to develop or change permitted land use activities more than one code book will be required. In fact they may need six or seven for one project. Having everything placed in one code book should be a great help to our customers. We need your input.

Our intent at this time is not to make major changes to our regulations but to create a package to facilitate better distribution of information needed to develop. We will be discussing this code at several public meetings to be scheduled around Gila County. The dates, times and locations for these meetings include the following. Please come with any questions or concerns you may have.

1. **April 3, 2012 - Tonto Basin** @ 5:00PM at the Tonto Basin School
2. **April 10, 2012 - Globe** @ 6:00 PM at the Gila County Courthouse in the Board of Supervisors Hrg Room
3. **April 16, 2012 - Roosevelt Lake Resort** @ 1:00 PM at #1 Stagecoach Road
4. **April 18, 2012 - Pine** @ 6:00 PM @ the Pine School
5. **April 23, 2012 - Payson** @ 6:00 PM at the Gila County Offices at 608, East Highway 260
