Bake Sale Information

Bake sales meeting the following criteria are exempt from Gila County food establishment requirements and inspections.

Non-potentially hazardous baked food items such as cookies, sweet breads, cakes with hard icing or frosting, fruit pies with fruit and sugar fillings, candies, and brownies are acceptable.

Potentially hazardous baked food items that include custards, puddings, cakes with custard fillings, meringues, cream or custard pies, cheesecakes, and pumpkin are unacceptable.

The sale or giveaway of items must be in conjunction with an event organized by a charitable or religious organization if allowed by law.

If baked items are prepared in a private home, the sale or giveaway of these items should be accompanied with a placard informing the consumer that the food is prepared in a kitchen that is not subject to regulation and inspection by the Gila County Division of Health & Emergency Management. This placard is available through the Gila County Division of Health & Emergency Management.
