

Jacque Cline Griffin

I am an avid proponent of a quality education for every child, and I want to continue taking an active role in the ongoing improvement in educational opportunities at Globe Unified School District. We have a strong district committed to the goal of every student achieving their highest potential, and I want to continue to develop this district into one where parents, teachers and staff work collaboratively to help each student succeed. I'm excited to offer my time, experience and talents to help our schools adequately plan for the challenges of future needs within the district's limited funding sources.

As a parent of four children, three graduates of Globe as well as a current Globe High School student, I have a vested interest in helping set the policies and direction that will ensure that our students have the education and experiences to prepare them for their futures as productive members of society.

I am a lifelong resident of Gila County, a Globe resident for 20 years, and have volunteered and supported a variety of child-centered activities throughout the community. I have served as a scout leader, volunteer coach for T-ball and soccer, classroom volunteer, 4H leader, school facilities committee member, and am currently an active volunteer for Globe High School, and am serving my fourth year as a School Board Member.

I am an educator and librarian by profession with a deep commitment to literacy, lifelong learning and technology proficiency. I look forward to continuing to work together with the staff, teachers, administration and parents to foster student success and I would be honored to have your vote.
