

My name is Melissa Ann McNeeley formally Hill. I have live up in the rim country most of my life. My family moved up to payson when i was four years old. I attended Payson Elementary school for kindergarten and first and started second grade there but then my family moved to pine and that's where i finished out going to school. I graduated for eight grade from Pine Strawberry Elementary School and then attended Payson High School were I graduated from there in 2002. While growing up i was very active with 4-H and sports with Payson Parks & Rec and also with the schools. I loved growing up in the rim country and am very glad that i can give that opportunity to my kids. I feel that to give my children the oppertunity to have the best for their future i need to be active in the community and their schools and lives. I have been a cosmetologist in the area since 2005.
